The Centre for Migrant and Refugee Health

COMMUNITY EXPERTS AND ACADEMICIANS PANEL

Centre for Migrant and Refugee Health
We embrace your health

Join us in this crucial and important forum on Saturday, Feb, 13th, 2021, 7 pm-8:30 pm, online zoom discussing:

- Pre-existing social determinants of health or current risk factors and how those aggravate and increase the prevalence of mental health during COVID-19.
- Cultural perspectives on the COVID-19 vaccine stem from religious standpoints, and objections, suspicions and mistrust of vaccine among Australian Multicultural Communities.
- Strategies to the recovery process in COVID-19 post-pandemic crisis for the multicultural communities (in specific migrants, refugees and asylum seekers).
